

May 29, 1963

Mr. Michael A. Minovich, Jr.  
1344 W. 84th Street  
Los Angeles 44, California

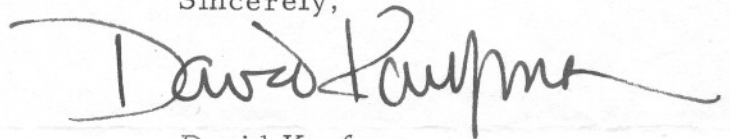

Dear Mr. Minovich:

This is a reminder that we need your First Award paper in this office not later than 15 June 1963 for National Award consideration.

Also, would you like the paper submitted to the STUDENT JOURNAL for possible publication? Two copies of the manuscript are required, and because of space and budget limitations, the manuscript is to be reduced to 1800-2000 words, including equations.

I urge you to submit your paper to the STUDENT JOURNAL. If reducing the manuscript to 2000 words is not possible at this time, you may submit it with the understanding that you will condense it after it is accepted. A paper condensed in this manner will have to be returned to us no later than 1 September, so we will need your summer address.

Sincerely,

David Kaufman  
Manager  
Student Activities
